## Customer Testimonial:

“Harmar uses Southeastern and their partner carriers for the majority of our business needs. We ship all through the United States, Puerto Rico, and Canada. I personally don’t like to give freight to any other carrier than Southeastern due to service issues and transit times. I have been using Southeastern for the past 6 years since I’ve been employed at Harmar, and very rarely have any kind of service issues. I love their customer service as they attend our every need on a daily basis! Thank you so much Southeastern for making my job at Harmar so easy and flawless!”
