XpressPass

In the race for business, victory goes to the first one to cross the finish line. To slice time and red tape, Southeastern Freight Lines has created the XpressPass, which combines the traditional bill of lading and Canadian Customs Invoice (C.C.I.) into one efficient, easy-to-complete document.

SERVICE

By using the electronic Canadian Pre-Arrival Review System (PARS), it will allow customs brokers to clear import shipments while still en route to the border. This means a competitive edge for your business as your freight can flow through to its destination and be delivered upon arrival.

The issue of safe and secure international trade is of paramount importance. Southeastern has dedicated associates with many years of expertise in international trade. We have diligently worked to comply with the new national security legislation to participate in the following programs: Customs - Trade Partnership Against Terrorism (C-TPAT), Free And Secure Trade (FAST), Partners In Protection (PIP) and Customs Self Assessment (CSA). Our commitment is to assure your shipment gets across the border quickly and hassle free.

ACROSS THE BORDER:

- Customs clearance experts
- C-TPAT, FAST, PIP and CSA certified
- The XpressPass reduces your paper work requirements
- Speedier processing and shipping capabilities of electronic Canadian PARS customs clearance
- Certificate of Origin - required if your shipment is transported under NAFTA provisions
