

WE ARE YOUR SOLUTION

Southeastern Logistics Solutions (SLS) is positioned to deliver the same quality of service the LTL market place has enjoyed for over 60 years by our parent company Southeastern Freight Lines. Regardless of size, shape, mode, transit requirement or special handling, you can count on SLS to exceed the expectations of you and your customer. Utilizing our TEAM of logistics professionals, strategic capacity partners and industry leading TMS technology, we are ready to serve you.

Our commitment to personalized service is shown in every load. From the moment a quote is requested to when the load is safely delivered, our customers can count on timely communication and professional courtesy from an SLS team member.
